

## **PROFESSIONAL STAFF COMPENSATION**

The Boonville R-I School District needs highly qualified employees to accomplish its education mission and must offer competitive compensation to attract and maintain experienced professional staff in the district. The Board directs the superintendent or designee to annually research regional and statewide trends in employee compensation and consult with district employees to prepare competitive salary schedules and salary recommendations for the Board to consider, within the constraints of the district's finances. Only the Board has the authority to increase an employee's regular compensation or grant employees an extra-duty position or stipend.

As required by law, teachers will be paid in accordance with a salary schedule adopted by the Board of Education. All full-time teachers will be paid at least the minimum teacher's salary as required in state law. Non-certificated professional staff and certificated staff members other than teachers will be compensated in accordance with a Board-approved salary schedule or will receive the amount of compensation approved by the Board for particular positions or particular employees.

### **All Professional Staff Salary Schedules**

The Board is required to adopt salary schedules for the compensation of teachers and may use a salary schedule to compensate administrative and non-certificated professional staff. When creating a salary schedule, the Board may recognize characteristics beneficial to the district, such as certification in high-need areas, in addition to traditional factors, such as experience and education.

The following rules apply to all district salary schedules unless determined otherwise by the Board:

1. The Board will make every effort to adopt salary schedules prior to the statutory deadline for issuing teacher and administrator contracts, but salary schedules and other compensation must be determined along with the district budget no later than June 30. Any salary schedule adopted by the Board will remain in effect and continue to operate until Board action is taken to change or eliminate the salary schedule.
2. The Board may freeze the operation of the salary schedule when warranted by the financial condition of the district or other relevant reasons, as determined by the Board. Once a salary schedule is frozen, employees will not advance on the salary schedule until a vote is taken by the Board authorizing movement on the salary schedule.
3. An employee may not advance more than one step vertically and one column horizontally per year on the salary schedule unless such movement is allowed by the rules adopted by the Board and is uniformly applicable to that particular salary schedule or is otherwise approved by the Board.

4. An employee cannot progress on the salary schedule after entering into a contract for a school year unless such movement is specifically authorized in the contract.
5. Education courses and other professional development may not be used to advance on a salary schedule unless the employee had prior administrative approval to take the course or participate in the professional development and count it for advancement on the salary schedule.
6. The district will recognize similar, previous experience of an employee when placing that employee on the salary schedule. The Board delegates to the superintendent or designee the authority to set guidelines on which previous experiences qualify. In addition, the district may recognize military service or work experience that the district considers beneficial to the position. It is the employee's responsibility to fully apprise the district of his or her relevant background when first being employed in the position. Once the employee is initially placed on the salary schedule, the district is under no obligation to review the placement.

### **Compensation for Extra Duties**

Additional duties, such as supervising activities, may be assigned to professional staff without additional compensation. In some situations, and with Board approval, an employee may be provided extra-duty compensation or a stipend to compensate the employee for performing additional duties. In those situations, the amount of compensation will be determined by the Board and may be set by adopting an extra-duty salary schedule or approving a specific amount for the position.

### **Employee Responsibility**

Employees are responsible for verifying that their salary schedule placement, compensation rate and paychecks are accurate. An employee is required to notify the district within 30 days of receiving an inaccurate payment, and failure to do so could lead to discipline, forfeiture of amounts owed or deductions for excess pay received, as allowed by law.

### **Compensation Disbursement**

In general, professional staff will be paid in equal installments over 12 months, even if the employee's regular work schedule is less than 12 months. However, payment for extra duties that are seasonal or limited to a specific timeframe may be paid in the month the work was performed.
