From the Principal's Desk: Happy Winter and Happy Second Semester! At David Barton, we want to help students develop and practice positive character traits to help them be their best. Student success is dependent on a safe, caring, and inclusive learning environment where ALL students feel valued. This starts by teaching our students about the value of character. Practicing and interacting with students and staff in a positive way becomes a way of life. With character traits built into our schools, we build stronger communities: in the classroom, in a school building, and in our town. However, character development is also a shared responsibility. We cannot do it alone. Together as a school, family, and community, we can give our students a great place to learn and grow.
